

IF I HAD A WISH - Polka

Written by Johnny Wanderlich, TMF Publication, BMI as recorded in 1999 on "Follow Me" SNCD180
by John Gora & Gorale. Album vocals by Tommy Wanderlich. Grammy Nominated.

1/ If I had a wish what would it be?

I'd make a wish that would be good for you and me

I'd wish to see a future day, 'bout a 100 years

Just think of all the things that I would see

2/ If you're like me you love that lively polka sound

And you'd love to know where polka music' bound

I'm sure that you'd agree with me, on just what I'd like to see

That's to see if polka music's still around

3/ It would be great to see the polka number one

Then all the people would be having so much fun

And then the radio would say; There's a polka dance today

And that's where half the population run

4/ The'd say that there's a polka dance up on the moon tonight

The band you'd see would make you scream in fright

And we'd all drive our flying cars, to see a polka band from Mars

and a Martian polka band would be a sight

5/ Here's a word to all the bands in town:

You'd better keep on playing polkas lest you drown

And the tears that I would shed If polka music should go dead

That won't happen if you spread the polka 'round

6/ I think my closing statement should be backed

'Cause there's just one thing some polka dances lack

Just keep on dancing strong, next time bring friends along

'Cause we polka people like our dances packed.
