

# She's Not Cryin' Anymore - Polka

John Gora & Gorale on "Take A Spin" SNCD125 in 1993 Original by Billy Ray Cyrus - BMI

*She's not cryin' anymore & she don't love me any longer  
There's a smile upon her face, a new love takes my  
place, She's not crying anymore*

1/ She used to cry when I come home late,  
She couldn't buy the lies I told.  
All she wanted was to be needed  
Someone that she could call her own.

2/ Her love I knew I took for granted  
'til she just walked out of my door  
Too little to late to say I'm sorry  
'cause she's not cryin' anymore.

3/ I hear she's really doing well now  
She picked her self up of the ground  
I wasn't there when I was needed  
But I was there to let her down

4/ Sometimes you know 1 feet so foolish.  
If knew then what I know now  
Another tear would never fallen  
If we could work things out somehow
