

TURN THE OTHER WAY - Polka

John Gora & Gorale – “Duty Free Polkas” SNCD154 in 1997 – Grammy Nominated ©Written by Tommy Wanderlich

1/ Some day you'll understand why I'm telling you to go,
I've tried to explain but you're just too young to know.
That I'd rather give you up then let you waste your life on me
'cause I'm not the kind of guy that you could live with happily.

REF:

*I have nothing much to offer you,
I have no place to take you to
I'm not a wealthy guy that's plain as day
Why you waste your time with me
is something I will never see
I wish you'd turn your head the other way.*

2/ I knew from the start we were never meant to be
You told me to think, don't say things I didn't mean.
I can't stand another minute telling you to go away
So just leave don't stay here don't stay with me
and turn the other way.
