

## **DID YOU FALL IN LOVE WITH ME**

Joan Besen Prairie Oyster SOCAN/ASCAP Polka version by John Gora & Gorale  
"FOLLOW ME" SNCD180 in 1999 at Peppermin Studios in Youngstown, OH. Grammy Nominated

The signs of love can be hard to see  
As the eye of a needle in the candle light  
But I thought I saw them in your eyes  
As I took you home last night

***Did the stars shine brighter on the night we met  
Were the blossoms sweeter in the tree  
Did the song bird sing in your heart when we kissed  
Did you fall in love with me, did you fall in love with me***

The northern lights give a ghostly glow  
It's hard to tell if they're really there  
But I thought I saw the ghost of a smile  
When my hand brushed against your hair

***Did the stars shine brighter.....***

Sometimes the one that you really love  
Slips away and you don't know why  
But I thought I saw you hesitate  
When we said our last good-bye

***Did the stars shine brighter.....***
