

You'll Never Be Sorry – Waltz

Bellamy Brothers – BMI. Recorded by John Gora & Gorale on "Take A Spin" – SNCD125 in 2003

*You'll never be sorry, if you let me love you.
You'll never be lonely, if you let me care.
If you'd let me hold you, you'll know what I told you is true.
You'll never be sorry if you let me care.*

Verse: The first time I saw you, I could not forget you.
I felt I had known you, All of my life.
I have been faithful to you since the moment
our eyes said hello.
You may think I'm crazy, There's one way you we'll know.

Bridge: Once in forever fate brings us together like this.
Someday when we're older we'll laugh and remember
Those moments before we first kissed.
