

WHAT'S A MEMORY LIKE YOU

John Góra & Górale on "Polka Playin' Fool" KMCD127 in 2009

Made famous by John Schneider. Written by Marv Green, Duane (Bjorklund) Steele

1/ You know you shouldn't be here, what am I supposed to do
Don't you know I've found a new love, and I'm trying to be true
Didn't you say we were over, why do you keep hanging on
You're no longer welcome, can't you just leave us alone

*What's a memory like you, doing in a love like this
She thinks we're all through, but that's not the way it is
When I hold her in my arms, it's your lips I still kiss
What's a memory like you, doing in a love like this*

2/ Don't you know, it would hurt her to find you here with me
Why make me remember the way it used to be
Can't you see that she can love me the way you never could
And I really wanna love her, ain't it time you left for good

*What's a memory like you, doing in a love like this
She thinks we're all through, but that's not the way it is
When I hold her in my arms, it's your lips I still kiss
What's a memory like you, doing in a love like this
What's a memory like you, doing in a love like this*
