

# **I JUST DON'T KNOW ANYMORE – Polka**

Recorded by John Gora & Gorale "Can-Am Polkas" SNCD204 in 2002 Written by Steve Fox, Jason McCoy, Tim Taylor,

1/ I guess that I never expected  
You change like the wild desert wind  
And it's not like it's happened just one time  
It's been over and over again  
It feels like we're dancing in circles  
I'm so dizzy I feel I could drop  
And I just wanna know if I'll be left alone  
When the music stops.

*When your mind's made up, Just be sure I'm the first to know  
How can we go any further, When you're so unpredictable  
One day you say it's for ever, And the next day you're not so sure  
Do you love me or not? I just don't know anymore*

2/ One minute you're warmin' up to me  
But how quickly the mercury falls  
Just like that we can go from everything  
To nothing at all  
In my heart you're in every tomorrow  
You're in the middle of all of my plans  
But answer me this; Should I stay? Should I go?  
I just wanna know where I stand
