1/ Stay with me, My love I hope you'll always be
Right here by my side, if ever I need you, Oh my love

2/ In your arms, I feel so safe and so secure
Everyday is such a perfect day to spend, Alone with you

*I will follow you will you follow me
All the days and nights that we know will be
I will stay with you will you stay with me
Just one single tear in each passing year, there will be*

3/ With the dark, I see so very clearly now
All my fears are drifting by me so slowly now, Fading away

4/ I can say, The night is long but you are here
Close at hand, oh I'm better for the smile you give
And while I live
