

Same Old Love - Polka

Originally written by Ricky Skaggs, John Gora & Gorale on "Take A Spin" SNCD125 in 1993

1/ Well I thought that it was over,
but over was a word I couldn't take
Each time I thought I'd left you
I find my way back to you the next day

I was foolish to think, that I could leave you for good
At times I thought I might, now I know I never could

*It's that same ol', same ol' love,
All forgiving sent from up above
And your same ol', same ol' love, Is all I need
Yes I never get enough your same ol' love*

2/ Other girls would have left me
If I had so much as said the word goodbye
But you stood there patiently
And watched my leaving turn into a lie

Heaven knows the kind of magic here that keeps me hangin' on
As long as you're holding me I know I can't go wrong

It's that same ol', same.....
trupets.....

There's no chance of doing better of finding someone new
the truth is they don't make them, any better than you

Key change chorus
