Sail away with me on a holiday cruise
Sail away with me to the islands
We will feel that warm breeze on the tropical seas
Come away with me to the islands

Chorus:

*My heart is yearning my mind keeps returning
To tropical islands amid the blue sea
Where dolphins are playing and palm trees are swaying
Come away on a dream cruise with me*

Sail away with me on a tropical cruise
Sail away with me make me happy
We will dance through the night
With the moon shining bright
Come away with me, we'll be happy
