1/ Yes I'm leaving' tonight for Albany
And you say that you'll be lonely without me
Well you know sure as heck I'll miss you too
But playing music's what I love to do

2/ There are women on the road and in the bars
I might even meet some famous movie stars
You've got to know dear that I'll always be true
'cause I'm a polka playin' fool for you

*'Cause I'm a polka playin' fool for you
You made me love you – now there's nothing I can do
I play in all the towns and miss you when I'm thru
I'm just a polka playin' fool for you.*

3/ I've been on the road three days now with this band
And it seems like this trip will never end
I keep thinkin' of our next rendezvous
'cause I'm a polka playin' fool for you

4/ When we're playing in Ohio or PA
My love for you will never fade away
So don't ever disbelieve me 'cause it's true
I'm just a polka playin' fool for you

Bridge: Now there's many pretty girls that I meet
Who say you play so nice and you're sure so sweet
But I just tell them "Sorry" I can't go with you
There's someone at home I've promised to be true
